\* Available in Swiss Meringue Buttercream as well.

A note on American versus Swiss meringue buttercream: American buttercream is made with butter and confectioners sugar plus flavorings, and is very sweet. Swiss meringue buttercream is made with cooked egg whites, granulated sugar, and butter plus flavorings. It is silky smooth and much less sweet. Certain Swiss meringue buttercreams may have an additional cost depending on flavorings.

\*\*Cookie Dough Frosting is made with heat-treated flour, and ground flax instead of eggs. No eggs are in the frosting.
